GENERAL INFORMATION

Service Suggestions
After you place a call, be sure to allow what you consider a sufficient length of time to enable the called person to reach his telephone, before concluding there is no one there to answer.

Answering your telephone promptly will assure you better service and avoid the creation of calls or other attempts to reach you. Time is saved by identifying yourself, your Company, or your Department immediately. Speak slowly, clearly, and directly into the telephone with your lips about one-half inch from the piece. Otherwise, you will not be heard distinctly. Be sure the receiver is properly restored to the cradle, but never touch the cord of the telephone. Otherwise, your line may be “out of order” when someone is trying to call you.

Service Difficulties
Every effort is devoted toward providing you with the best possible telephone service. We shall appreciate your cooperation in reporting promptly any service troubles or defective equipment, such as broken mouthpiece, frayed cords, or loose wiring. Repairs and replacements due to ordinary usage or unavoidable accidents are made without charge.

Improper Language
Profane or obscene language over the telephone is prohibited. Subscribers are responsible for the enforcement of this rule. Failure to observe this will constitute cause for discontinuing service.

Identification of Employees
All employees who are authorized to represent the Company are provided with a photographic identification card. This card, which is properly countersigned, shows the employee’s name, signature, and photograph. Subscribers are earnestly requested to refuse admittance to third parties to anyone who cannot furnish this means of identification.

Advertising Telephone Numbers
Many subscribers find it convenient and profitable to use their telephone numbers on stationery and business cards, as well as in their advertising. We encourage this practice, but it should be understood that the assignment of the telephone number does not vest in the subscriber a property right thereto. We expect every effort to avoid changing telephone numbers, but the needs of the service occasionally compel us to do so. Obviously, when you display your telephone number, the value to you, and to the service as well, depends upon the number being carried correctly at all times. Therefore, in the event your number is changed, it is suggested that corrections be made as promptly as possible.

The Classified Directory
The “Classified” pages of this directory contain the names of business telephone subscribers listed under headings descriptive of the product, service or profession of these subscribers. These pages enable you quickly to determine the name, address, or telephone number of business telephone subscribers who can supply the product or service desired.

ATTACHMENTS TO DIRECTORIES
To insure the usefulness of the directory, no attachment, holder or auxiliary cover, except such as may be furnished by the Company, shall be used in connection with any telephone directory furnished by the Company.

Changes and Errors in Directories
Every precaution is taken to avoid errors and omissions in the alphabetical telephone directory, but if they occur, the Company’s liability for them as provided in its tariffs is limited to an amount not exceeding the charges for the service affected until a new directory is published. In order that the directory records may contain correct listings at all times, notification of changes or errors should be given at once to the Business Office of the Company.

Imperfect Telephone Service

TELEPHONE DIRECTORY
For
WINSWELL
SUMMER 1953
Revised to June 29, 1953

EMERGENCY CALLS
IMPORTANT! Make certain now how you can use your telephone to report fire, marauders, or accident. Plan to stay on the line until sure that someone understands the address at which help is needed.

To Report a Fire For Police Assistance Sheriff
5 3 79

If unable to complete Fire, Police, or Other Emergency calls by calling the number, call the Operator—ask for “FIRE” or “POLICE” and give her the address where the assistance is desired, your name and telephone number.

For the Telephone Number or Address of the nearest FEDERAL BUREAU OF INVESTIGATION OFFICE, call

A-21-01-3
Out-Of-Town Telephone Calls

Tell the Operator:
1. The City or Town you want.
2. The out-of-town telephone number, if available, or the name under which it is listed.

FOR EXAMPLE — "Calling Omaha, Nebraska—Walcott 3456." (If you don't know the telephone number) "Calling Omaha, Nebraska — anyone at Mr. J. Lowell's residence, 34 Blank Street."

3. Your telephone number (and name if required) when requested by the operator.

STATION-TO-STATION CALLS

The above is a station-to-station call because you have not asked the operator to connect you with a particular person or a particular telephone or department reached through a private switchboard. The charge for a station-to-station call is slightly less than for a person-to-person call and begins when the called telephone or private switchboard attendant answers.

PERSON-TO-PERSON CALLS

When you want to be connected with a particular person or with a particular telephone or department reached through a private switchboard, simply give the operator the same information as above and the name of the person or department wanted, also the extension number if known. The charge is slightly more than for a station-to-station call and begins when you reach the person, extension or department you want.

DAY RATES apply from 4:30 A. M. to 6:00 P.M. on all days except Sundays.

NIGHT RATES apply from 6:00 P. M. to 4:30 A. M. and all day Sundays.

COLLECT CALLS

You may "Reverse" charges that, have they billed to the called telephone. Simply tell the operator you want to place the call "Collect." If the called party agrees to pay the cost, charges will be billed to his telephone. There is a small additional charge on station-to-station calls when the initial rate is 20 cents or less.

TO OBTAIN A RATE FOR AN OUT-OF-TOWN CALL

Ask the Operator for the rate.

TO PLACE A TELEPHONE CONFERENCE CALL

Ask the Operator for rates and other details.

CALL BY NUMBER whenever you know it — IT'S FASTER! When you place long distance calls by number, the operator doesn't have to consult "Information" in the distant town and your call can often go through much faster. (If you don't know the number, the operator will give it to you in the course of handling the call — then you can jot it down for use next time.)
